Suites for Education Google Classroom

Why?

Google classroom is available to schools within Google Suite for Education. It is a way to get all of your students in one place and it allows you to easily assign work and for students to turn it in,

Send an invite link
Students click the link to join the Classroom

Send an email invite
Students can join from the email or in Classroom.

Share a class code
Students enter the code in Classroom

Assignment Collaborative Group Assignments 01

Assignment Note taking templates 04

Assignment Individual Writing Assignments 02

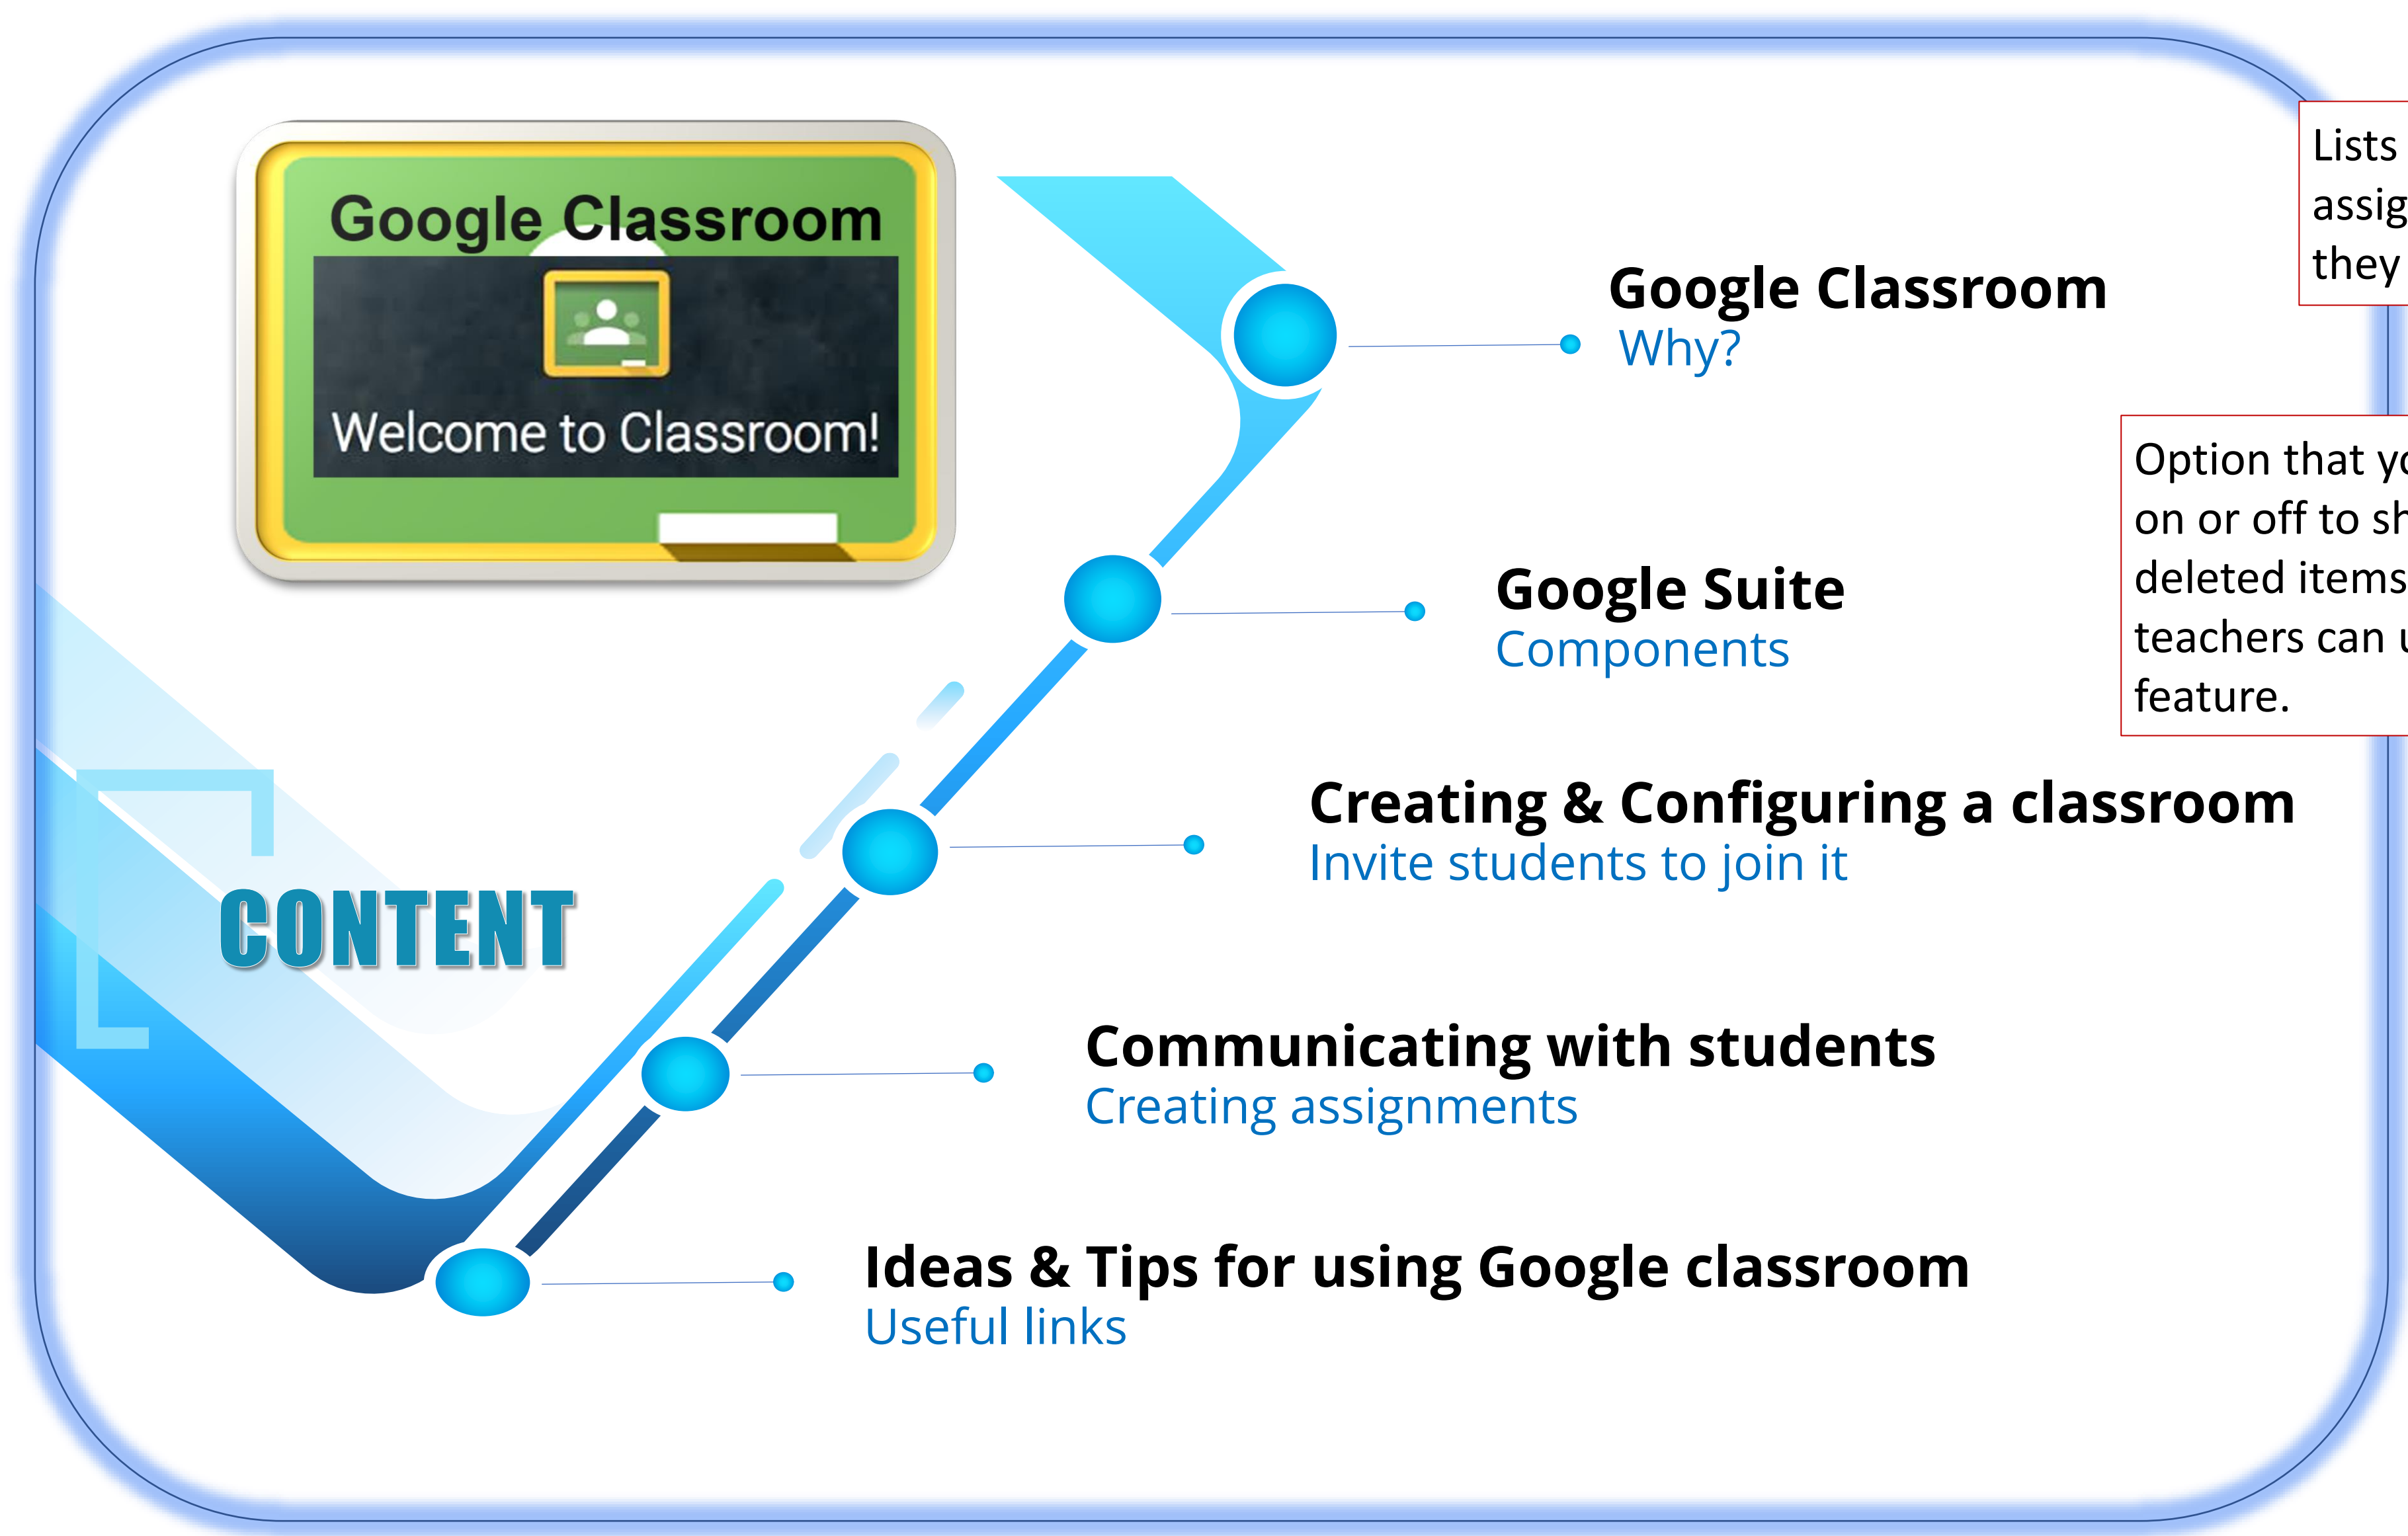

Assignment Autoevaluation Tests 05

Assignment Tests and Quizzes 03

Assignment Project Based Learning 06

Design your assignments and send them to your classroom

Change your classroom theme or add your own photo at the top of your Google Classroom

Google Summit Sample Class

Lists the names of assignments and when they are due.

Where your announcements and assignments are posted.

Option that you can turn on or off to show your deleted items. Only teachers can use this feature.

The **STREAM** is where you will post your announcements and assignments. When you create a new announcement or assignment it can save as a draft. So if you don't want to post it right away, you do not have to. It will save it for you to post later.

The **STUDENTS** page is a list of all of the students enrolled in your classroom.

Change and edit the information about your classroom.

Code that you give your students to join the classroom. You can also change the class code whenever you want to as the teacher.

Change your classroom theme or add your own photo at the top of your Google Classroom
